DETAILED ACTION

Allowable Subject Matter

Claims 14, 27-31, 33, 34 and 48-51 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art does not disclose or make obvious forming a mask over portions of a plurality of circular pads with said mask having non-circular openings comprising a first and second dimension with the first dimension being larger than a diameter of the pad and oriented on the pad in a direction of highest stress within each interconnection including all the limitations of the independent claim. While prior art discloses positioning a pad in a direction of highest stress, it does not make obvious positioning just the opening of the mask on a circular pad.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
